PROFESSIONAL PROFILE

I am a passionate front-end developer with over two years of professional experience in web development and one year of hands-on experience in React.js. I am looking to continue growing as a front-end developer and eventually perform as a full-stack.

CAREER SUMMARY

Front - end developer

TGC Internet Group | September 2019 - present

- Front-end development of the contactaabogado.com platform.
- Working with React.js, Sass, Material-UI, Redux, React Router, moment.js, and react-google-charts.

IT Trainee

Tata Consultancy Services | February - September 2019

- Ab Initio training (ETL tool).
- Participation in additional courses in Python, JavaScript, Agile, SCRUM and data science.

Web development internship

UbicTrans | October - November 2018

- I took part in the development of a mobility app that used the Google Maps API for tracking and geolocalization.

Web development volunteer

Instituto Politecnico Nacional | November 2017 - Jun 2018

- Website optimization using PageSpeed Insights.
- Front-end and back-end programming of forms and tables using JavaScript, JQuery, AJAX and PHP.
- Use of the Google Maps API.
